“ Ms. Annette is a lovely soul. I helped care for her during a couple of her hospital visits. She laughed with me, told me about her life and took the time and consideration to learn about mine; I learned merely from the sparkle in her eye as she spoke on her love of family and faith. She told me I was a special young lady, and I could never express how deeply that touched my heart coming from such a precious, genuine woman. She has a soul that will shine evermore, and her presence on earth left indelible marks.

“ I met Annette when my mother moved to VHL in 1985. A fellow Long Islander, my visits to FL meant I had to bring bagels to my mother to distribute to her friends. Annette was a fixture for many years on the ticket committee and she always had a smile for our residents. My trips to dinner always had Annette in the car along with my mother's posse. When I had my lanai built she bought me a ceiling fan and every time I relax in that room and hit the fan my thoughts are if Annette and her friendship and generosity. RIP my friend.

“ We had the pleasure and honor for spending time with Annette every Monday and delivered her meals on wheels. She was always a ready of sunshine in our day. In just the few minutes we would see her each week, we know we were in the presence of a living and caring lady. Please know how many people Annette has touched and how much she will be missed.
